apartamentos

Offers its guests the different services
presented in this document.

About **IntraRelo**

IntraRelo offers tailored-made, high-end solutions, which considerably facilitate the settling process for expatriates in Colombia by handling all practical matters, such as official documents, travel and Visa, shuttle service from airport, housing and utilities, etc.

The company **belongs to the Sightlog corporate group**, allowing it to encompass a broader scope of logistic services, thus meeting the varied needs of our customers throughout a fully integrated process since the very beginning.

Today we stand out as one of the most reliable companies in Latin America.

For us it's crucial that our customers **never feel lost or left on their own in an unfamiliar country.** That's why we will support them from their arrival until the moment that they no longer need our accompaniment. It's in our best interest that you enjoy your new home.

All about the **process**

Looking for a new home? The best schools for your children? Our team and allies support you in all these critical aspects when you are starting a new life in Colombia by providing guidance in your destination city, immigration procedures, utilities and services, among others, in order to meet your expectations, as well as those of your whole family.

We will be your trusted local contact, providing you personalized assistance during your stay.

Do you have questions
about the **process**?

Moving from one country to another can be challenging, so we aim to provide a safe and easy step-by-step service in order to make your relocation go smooth. If you are currently relocating and you need assistance, our team will be happy to help you out. **Count on us!**
